Portfolio

Akshayparihar07

akshayparihar

Education

Career Accelerator Program
Prepleaf by Masai
June 2023 - Present

Bachelor's in Business Administration
JECRC University, Jaipur
October 2021 - Present

Technical Skills

Python | Logic Building | Searching and Sorting Algorithms | Recursion | Complexity Analysis | Data Structures

Soft Skills

Problem Solving | Attention to Detail | Teamwork | Time Management

Achievements

Solved 250+ problems on Masai OJ

Solved 150+ problems on LeetCode

Professional Summary

Dynamic algorithm developer with expertise in algorithm design, analysis, and implementation. Proficient in Python and experienced in optimizing algorithmic solutions. Strong problem-solving skills and keen attention to algorithmic efficiency. Collaborative team player with the ability to adapt to evolving project requirements.

Projects

Maze Solver Github Repo Link

Python | Depth First Search Algorithm | Random Module | Matrix Manipulation

- Implemented a Python program to solve mazes using Depth First Search algorithm
- Utilized the Random module to generate random mazes for testing
- Demonstrated proficiency in Python programming and matrix manipulation

Sudoku Solver Github Repo Link

Python | Backtracking Algorithm | Random Module

- Developed a Python program to solve Sudoku puzzles using Backtracking algorithm
- Employed the Random module for generating random puzzles
- Showcased strong problem-solving skills and attention to algorithmic efficiency

Huffman Coding - File Encoding and Decoding Github Repo Link

Data Structures and Algorithms | Bit Manipulation | Standard Libraries

- Developed a file encoding and decoding program using Huffman coding algorithm
- Utilized data structures and algorithms for efficient bit manipulation
- Applied standard libraries for file handling and manipulation
